

**FLORIDA CORRECTIONS ACCREDITATION
COMMISSION, INC.**

MEMORANDUM

Date: June 10, 2008

From: Kim S. Bogart, Executive Director

Subject: Corrections Accreditation Change Notice 3.0.12

The Commission approved the following standards revisions at its June 10, 2008 meeting. These changes are effective as of that date. The actual revisions in table format are available on an updated Standards Manual on the Florida Accreditation website: www.flaccreditation.org

STANDARD CHANGES:

2.05M – New Standard - The standard statement is as follows: “The agency submits an annual report to the Commission reporting compliance efforts with accreditation standards.” The Proof of Compliance is “Annual reports”. The quantity for initial is “N/A” and the quantity for Reaccreditation is “3YD”. An Accreditation Manager note is added “An annual report is required for the third year if the agency has been granted an extension to their reaccreditation agreement.”

19.06 M – The standard statement is revised as follows: “A *written directive* requires each inmate be given a health appraisal, including a physical hands-on examination by appropriately trained medical personnel within 14 days of admission. If the inmate has received a health appraisal from the admitting agency/facility within the previous 90 days, a physician or designee shall determine whether a new health appraisal is required. Appraisals shall be on a form approved by the health authority.” The Proofs of Compliance remain the same.
